

## Chairmans Report 2019

This year has seen continued work by the Parish Council on Grass Cutting, supporting local initiatives and updating our web presence.

The Parish Council has given their comments on several planning matters, including supporting Hambleton District Council regarding enforcement of planning breaches.

We have successfully secured £500 funding from Cllr Baker to replace much needed gravel and have seen the footpaths relaid by highways.

We have been regularly in touch with North Yorkshire Highways department regarding road condition and safety issues. Many of these have been addressed but we will continue to give them feedback to ensure problems are dealt with.

I would like to remind everyone that the parish meeting are public meetings and parishioners are welcome to come along to make comments or suggestions.

The Parish and District Elections have brought change to the Parish, with myself and Cllr Wallis stepping down from the council. Congratulations to Cllrs Robson and Bardon who have been elected to the District again and the parish council looks forward to your the continued support and that of County Councillor Baker.

Finally, thank you to all councillors and the clerk for their work in the past year and thanks to the parish council for their support during my second year as Chairman and I offer my best wishes to the incoming council & Chairman.
